

Specifications Guide

Commercial Kitchen LED Power Supply

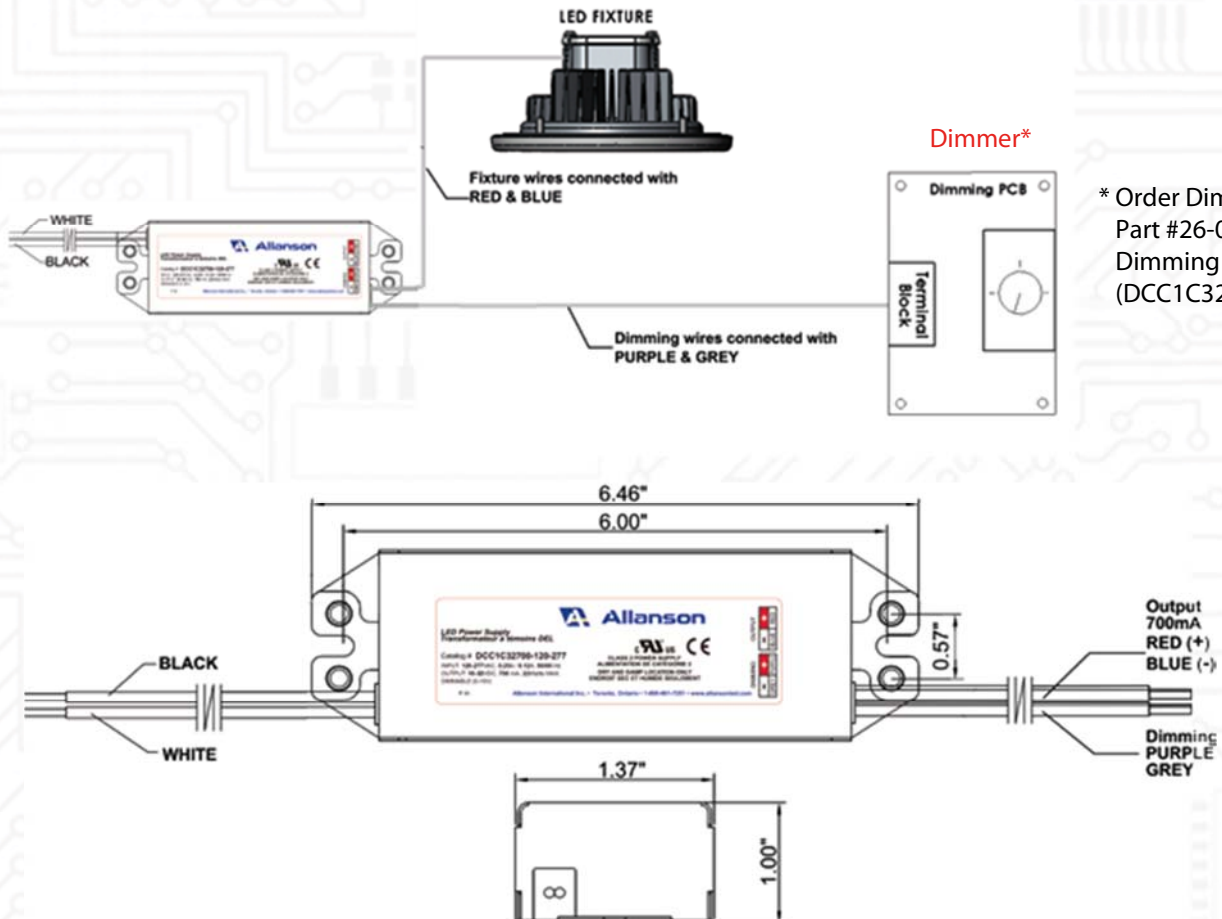

DCC1C32700-120-277

Dimming

Specifications

| | | | |
|-----------------------------|--------------------------|-------------------------------------|-----------------------|
| Typical Application: | LED Canopy Light Fixture | Power Factor: | HPF > 90% |
| # of Circuits: | One circuit (output) | Output Constant Current: | 700mA |
| Input Voltage: | 120-277VAC | Size (LxWxH): | 6.46" x 1.37" x 1.00" |
| Input Frequency: | 50/60Hz | Max. Ambient Operating Temperature: | 40°C |
| Input Current @ Rated Load: | 0.25 A / 0.12A rms | Certifications: | UL recognized |
| Output Voltage: | 10-32Vdc +/-5% | | |
