Hi Rachel,

Here are inverters for following:

I do not have a 150W inverter so we will have to go with 250W

- (1) 150W Lighting Inverter

ELIS250I2UO30ADI2	250VA (auto output select, Title 20, Self Test & Self Diag, 0-10V auto-dim), Buy American Compliant in 3/1/26 48 coming in 3/5/26 26 coming in 3/9/26 18 coming in 3/18/26	NEW PRICING \$772.00 Each	42 Coming
-------------------	---	----------------------------------	------------------

- (2) 250W Lighting Inverter

ELIS250I2UO30ADI2	250VA (auto output select, Title 20, Self Test & Self Diag, 0-10V auto-dim), Buy American Compliant Coming in 3/1/26 48 coming in 3/5/26 26 coming in 3/9/26 18 coming in 3/18/26	NEW PRICING \$772.00 Each	42
-------------------	--	----------------------------------	-----------

- (1) 500W Lighting Inverter

ELIS400I2UO30ADI2	400VA (auto output select, Title 20, Self Test & Self Diag., 0-10V auto-dim), Buy American Compliant PA	\$1899.00 Each	19 in Mountain Top,
-------------------	--	----------------	---------------------

the ELIS-400 with Auto-Dim and they can back up loads up to 800W with this feature.

Bodine: As a quick note, we are launching our new Inverters (550W, 750W, and 1100W) in around 4-6 weeks. I will communicate the pricing and information once we launch them.

Best Regards
