

SYLVANIA Lamps

LEDlescent™ 8FT T8HO Ballast-Free Lamps

Application

LEDlescent T8HO Ballast-Free lamps are an energy saving alternative, designed to replace traditional fluorescent T8/T12 lamps by bypassing the existing ballast. These LED T8 lamps contain no mercury, provide instant light and a uniform light distribution. Engineered to operate directly on 120-277V, these lamps minimize labor and recycling costs. These lamps can be used with occupancy and vacancy sensors for enhanced energy savings. When installing the LEDlescent T8 lamps, the UL rating of the existing fixture is not voided (even when it is electrically modified) since our LEDlescent T8 lamp is UL Classified (as a luminaire conversion retrofit kit) under UL standard 1598C. UL1598C is the standard covering LED retrofits intended for an existing UL rated fixture. Since the user is retrofitting with a UL1598C classified LED kit, the installer must follow the installation instructions included with the lamps for the modified fixture to retain its UL rating.

Benefits and Features

- Optimized glass optics
- CCT: 3000K, 3500K, 4000K, 5000K
- Installed directly on 120-277V
- Available in Fa8 (single-pin) and R17d (recessed double-contact)
- Double-ended power wiring configuration
- No UV emission
- Suitable for open and enclosed fixtures
- Suitable for dry and damp locations (cannot come in direct contact with water)

Electrical

- 120-277V_{AC}
- Power factor 90%
- Non-dimmable

Rated Life

- 50,000 hours (L₇₀)

Warranty

- 5-year limited lamp warranty (24/7 operation)

Ambient Operating Range

- -4°F to 113°F (-20°C to 45°C)

Wattage Comparison

	System Power ¹	Traditional System Power F096T8 (with QHE2x59 ISN)	Energy Savings/Year ²
LED42T8	84W	109W	23%

1. Ballast bypass
2. 24 hours a day

Certifications and Listings

- cULus
- RoHS
- FCC
- Lead Free
- Mercury Free

Installation

- Please refer to the Installation manual included inside the packaging and the applications information listed below for more information.
